

Peng (Peter) Chen

Name: Peng (Peter) Chen

Work Address: Department of Applied Geology,
Building 304, Room 168

Phone: 0452317758

Email: peng.chen2@postgrad.curtin.edu.au

Brief Summary

I am a young petroleum geologist who uses geophysical data, e.g., seismic, well data, to understand the history of sedimentary basins.

Education:

Master's Degree (Petroleum Geology), China University of Geosciences, Wuhan, 2012-2014
Bachelor's Degree (Petroleum Geology), China University of Geosciences, Wuhan, 2008-2012

Research interests: Structural Geology, Seismic Stratigraphy, Facies and Geomorphology

Thesis title: Tectonostratigraphic Evolution of Roebuck Basin, North West Shelf, Australia

Supervisors: Professor Chris Elders, Dr Jane Cunneen
